

## 5th. NEWSLETTER-APRIL 2023

# EMPOWER

The EMPOWER project aims at supporting the conscious development of basic competences and key skills of migrant women in terms of entrepreneurship.

Project is financed by the European Commission.

Erasmus+ Programme – Strategic Partnership  
Project nr: 2021-1-DE02-KA220-ADU-000033659

Project Title: Encouraging migrant women to seize their potential and opportunities in the world of entrepreneurship  
Project Acronym: EMPOWER

**START DATE: 01-11-2021**

**DURATION: 26 MONTHS**

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Education and Culture Executive Agency (EACEA). Neither the European Union nor EACEA can be held responsible for them.

In the last months we have conducted tests of the portfolio of tools concerning the project result 1, namely the tools for self-assessment of entrepreneurial skills in the scope of the European 'EntreComp' framework, comprised of practical activities which encourage the participants to reflect around their current entrepreneurial knowledge, skills and experiences, as well as enabling the participants to identify previously unknown skills within themselves.

The testing took place in four countries; Italy, Germany, Slovenia and Sweden, with a total of almost 50 participants. The tests can be considered a success, and participants found the tools helpful insofar as it helped them acquire new knowledge and perspectives, and in looking at themselves in a different way. The feedback from both the participants and the trainers were mostly good: the tool is useful and interesting, and it offers a great opportunity for participants to gain knowledge, understand their competences as well as understanding what they can improve, which in turn increases their motivation regardless of their circumstances.

As of April and May 2023, our main tasks consists of firstly finalizing the finished versions of the tools in project result 1 and have them translated to local languages. The partners met in Ljubljana from the 17<sup>th</sup> to 18<sup>th</sup> of April, where the finalized version of project result 1 was agreed upon, and the local translations were completed.
